Onferriable Quince. Chief
reports that he called at the
Telephone office to see if it was
at all suitable for photographing
turning a paper before got that
switch board is fixed as there is
no possible way for them to cut
switch off.

but my trouble is not to the
fact that we have a low voltage
circuit. That has to be set as
close as but they can supply
some by using 45 volt relays
to handle our alarm system.
By using some transformers as
they are for bell work and will
give us a system to be for part
and cost will be about
\$100.

Chapman says that Long Street
has some one saw them about
Dual. They said for touch
also that two had for nothing
about lock.

ROY E. KITTREDGE, SECRETARY
23 MICHIGAN, HOBART, IND.

VERNE KONOPASEK, TREASURER
GRIFFITH, IND.

Dear Chief and Brother Volunteers:

As years go by the Volunteer Fire Departments of Indiana grow larger and stronger, but we do not gain or improve a great deal in prestige or recognition, either in the state or our own community.

In 1945, twelve volunteer departments of Lake and Porter counties met in Crown Point and formed a Volunteer Association. Officers were elected, committees appointed, a lawyer was hired and men went to work. Out of this combined work grew the Indiana Volunteer Firemen's Association, a non-profit organization with a Death Benefit Fund for Volunteers of the State of Indiana.

The objective of this Association is mobilization of forces to help each other, especially in case of fire beyond the facilities of any one department and for mutual education in the art of fire extinguishment and fire prevention; also the promotion of good fellowship and legislative enactments to further the cause of the Volunteer Firemen of Indiana.

We are now ready to expand and receive memberships from all over the state. Many have already written in for information which we are able and willing to give. Our Articles of Incorporation No. 255259 were approved and filed December 6, 1946, by Thomas Bath, Secretary of State. We have a code of by-laws approved and accepted. We have certificates of membership for each department, membership cards for members of the Death Benefit Fund and windshield stickers for our cars.

The cost is \$5.00 per year for each department and \$1.50 per year for each individual belonging to the Death Benefit Fund. To date we have over 300 members in the Death Benefit Fund and 22 departments holding membership cards.

Enclosed you will find an application card for membership in the fastest growing Volunteer Firemen's Association in Indiana. Please fill out and mail soon.

Yours truly,

Roy E. Kittredge

Dear Chief:

We think you might like to know what others think about the Hartford Volunteer Firemen's Accident policy. Enclosed is a list which indicates how popular this coverage is with Volunteer Firemen in Western Michigan. This list, by the way, covers departments only in the Western part of the lower peninsula.

Remember - the Hartford policy - plus your Compensation benefits will make life easier for the family of an insured fireman. Contact your local Hartford Agent or write me direct for more information about "The Most Wanted Volunteer Firemen's Insurance".
